The Triological Society has announced the funding of two research grants effective August 1, 2011. The two career development grants have been awarded in the amount of \$40,000 each for a period of one to two years.

These awards will provide support for the research career development of otolaryngologists-head and neck surgeons who have made a commitment to focus their research endeavors on patient-oriented research such as clinical trials, translational research, outcomes research and health services research.

The Society has awarded more than \$2.5 million in grant funds since 1994.
